

# MT Marathon 2011 Program

	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday (from 9.30)
9.00-10.30	Registration & Welcome	Lecture: Word-based & Phrase-based SMT [BH]	Lectures: Decoding in SMT [PB] Language modeling [KH]	Lecture: Tree-based SMT [MF+PK]	Lectures: Syntax-based SMT [MF+PK] Computer Aided Translation [PK]	Project reports
	Lecture: Introduction to SMT [CD]					
~ Coffee Break ~						
11.00-12.30	Project proposals	Paper presentations: P1, P2, P3	Paper presentations: P4, P5, P6	Paper presentations: P7	Paper presentations: P8	Project reports <small>(Rooms open until 13:00 for project work)</small>
				Invited talk by Hieu Hoang	Invited talk by Marco Trombetti	
~ Lunch Break ~						
14.30-16.00	Hands-on session	Hands-on session	Invited talk by Marco Turchi	Hands-on session	Hands-on session	~~~
			Mid-week project reports			
~ Coffee Break ~						
after 16.30	Project team work	Project team work	Project team work	Project team work	Project team work	~~~

### List of Lecturers:

- [PB] Phil Blunsom
- [CD] Chris Dyer
- [MF] Marcello Federico
- [BH] Barry Haddow
- [KH] Kenneth Heafield
- [PK] Philip Koehn

### Invited Talks:

- Marco Trombetti, CEO of Translated.
- Hieu Hoang, Asia Online, former developer of Moses.
- Marco Turchi, Joint Research Center, IPSC, Action Optima.

### Technical Papers:

- [P1] Zeman, Fishel, Bojar, Berka, "Addicter: What Is Wrong with My Translations?"
- [P2] Przywara, Bojar, "eppex: Epochal Phrase Table Extraction for Statistical Machine Translation"
- [P3] Popović, "Hjerson: An Open Source Tool for Automatic Error Classification of Machine Translation Output"
- [P4] Lambert, "BIA: a Discriminative Phrase Alignment Toolkit"
- [P5] Servan, Schwenk, "Optimising Multiple Metrics with MERT"
- [P6] Hasler, Haddow, Koehn, "Margin Infused Relaxed Algorithm for Moses"
- [P7] Crego, Yvon, Mariño, "Ncode: an Open Source Bilingual N-gram SMT Toolkit"
- [P8] Simianer, Wäschle, Riezler, "Multi-Task Minimum Error Rate Training for SMT"
